

"THE LEADING CHOICE FOR DURABLE AND SUSTAINABLE INDUSTRIAL AND ENVIRONMENTAL SOLUTIONS"

ABOUT US

B2-FLEX: Pioneering Industrial & Environmental Solutions

At **B2-FLEX**, we take pride in being the go-to partner for the industrial sector across the Middle East. From innovative containment systems and pollution control to advanced waste management and material handling solutions. We deliver durable and cost-effective products tailored to meet industrial challenges while safeguarding the environment.

With over **30 years of expertise**, our cutting-edge technologies utilize high-quality **PVC fabrics** and **advanced welding techniques** to create solutions that are robust, reliable, and built to endure the toughest industrial applications.

We specialize in custom-engineered designs that support industries in enhancing **safety**, maintaining compliance, and optimizing operations. By choosing B2- FLEX, You're not just protecting your operations—you're driving **sustainability** and **efficiency**. for a stronger future.

WHY CHOOSE OUR PRODUCTS

1. High-Quality Products

Our products are engineered to perform under extreme conditions. Built with industrial-grade materials and precision manufacturing, they offer unmatched durability, longevity, and load capacity, ensuring safety and reliability in high-risk environments.

2. Cost Efficiency Solutions

Our products offer excellent value for money, helping you save costs without compromising on quality.

3. Innovative & Customized Solutions

From FIBC bulk bags, custom covers, secondary spill containment systems, we specialize in tailoring our solutions to meet your exact requirements. We understand that every site and operation is different – we build accordingly.

4. Made in Saudi

All our products are proudly manufactured in Saudi Arabia. This ensures faster delivery, enhanced customer service, and supports local content.

5. Eco-Friendly and Sustainable

Our eco-friendly products help you contribute to a greener planet and helps reduce your carbon footprint.

6. Trusted by Industry Leaders

Our products are already in use by key players in sectors like oil and gas, chemicals, construction, waste management, and logistics – proving our reliability in the field and in the supply chain.

7. After-Sales Support & Technical Training

We go beyond supply. Our support teams provide on-site training, user guides, and consultation to ensure your team understands how to safely and efficiently use our solutions for maximum ROI.

8. Continuous Innovation & R&D

We invest in research and development to constantly upgrade our products and adapt to new industry needs – keeping your operations ahead of the curve.

HEAVY DUTY ALL-PURPOSE JUMBO BAG

Boost your efficiency with our best seller, heavy duty, reusable all-purpose handling bag.

Designed for reliability and Sustainability: they offer superior performance for all of your material handling needs.

Storage and material handling.

Logistics.

Construction.

Agriculture.

Chemicals & pharmaceuticals.

Mining & Minerals.

Humanitarian efforts.

Waste Management & more.

Sizes:

40cm x 40cm.

50cm x 50cm.

70cm x 70cm.

90cm x 90cm.

HEAVY-DUTY REUSABLE FIBC BAGS

Reliable, Durable, Eco-Friendly!

Our heavy-duty reusable flexible intermediate bulk containers (FIBC) bags are designed to meet the highest quality and **safety standards**. They are cost-effective, durable, and environmentally friendly, offering **reliable protection** for your chemicals and other products, even in severe weather conditions. This ensures confidence in transporting and storing goods safely, even in **remote locations**. We offer a diverse range of designs tailored to meet the needs of various industries, including oil and gas, logistics, flexible packaging, construction, agriculture, chemicals & pharmaceuticals, mining and minerals, food and beverage, waste management and more. We take pride in the fact that our products and raw materials are 100% manufactured in Saudi Arabia and are recognized as among the best in the market. Our FIBC bags are crafted from **PVC-coated** and laminated polyester material, making them particularly suitable for reuse, transportation, and protection.

- Enhanced safety for handling.
- Waterproof construction.
- Reusable design.
- Long-term storage capability.
- Exceptional durability.
- Capacity to carry up to **2.5 tons**.
- Minimal added weight to contents.
- Chemical and UV resistance.

RAPID DEPLOYMENT SPONGE SIDEWALL TRAY

Experience unmatched spill control with our Large-Scale Deployment Tray!

- Extra-wide design to cover bigger areas.
- Durable, chemical-resistant, and UV-protected.
- Perfect for warehouses, workshops, and industrial spaces.
- Ideal for heavy machinery, trucks, and large equipment.
- Available in many sizes and Custom fit sizes.

Protect your environment with the same top-quality, now for larger tasks. Effortless setup, reliable performance!

HEAVY-DUTY, FOLD DOWN SIDE MAT

Optimize your operations with reliable, flexible, and space-saving containment solutions!

Our heavy-duty, customizable containment mats are the perfect replacement for rigid plastic and steel containment options. Engineered with durable steel support, they offer exceptional capacity for liquid containment. Designed to be flexible, **chemical-resistant**, and **UV-resistant**, ensuring long-lasting performance even in demanding conditions.

Maximize your space and efficiency!

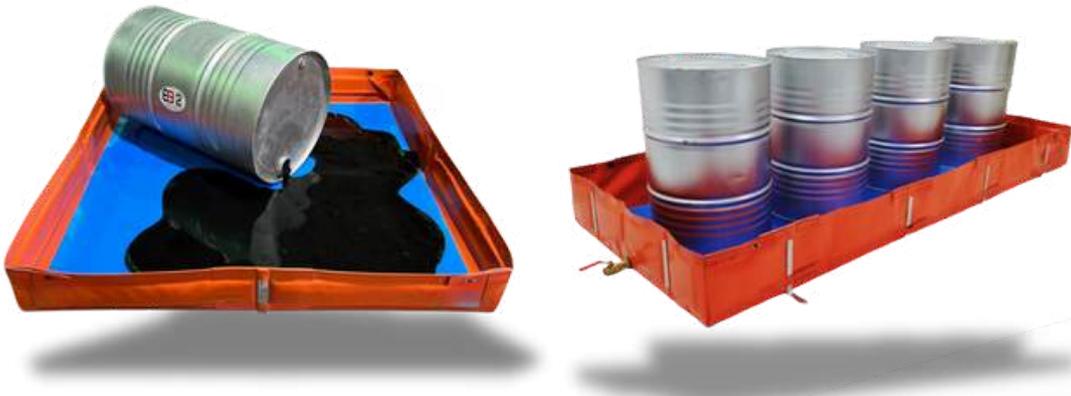

HEAVY-DUTY DRIVE IN/OUT CONTAINMENT

The Ultimate Industrial Solution!

Revolutionize your industrial operations with our large-scale Tray! Designed for heavy-duty performance, it ensures superior spill containment and fluid management. Durable, spacious and built to meet the toughest demands and to serve all sectors, it's the perfect choice for enhancing safety and efficiency in industrial environments.

CONTAINMENT TRAYS

Durable, efficient, and built for tough jobs! Protect your workspace with our high-capacity containment trays, designed for industrial, oil, and gas applications. Built to handle barrels, they ensure maximum spill containment and safety.

Available in four sizes:

- Small (1 Barrel).
- Medium (2 Barrels).
- Large (3 Barrels).
- Extra Large (4 Barrels).

CUSTOM EQUIPMENT COVERS

Protect your assets with our durable, weather-resistant covers.

Perfect for equipment, machinery, vehicles, and more.

- Fully customizable to fit any requirement.
- Made from premium, long-lasting materials.
- Lightweight, reusable, and easy to secure and store.

Invest in reliable protection—[order now!](#)

SPILL KITS ABSORBENTS PILLOWS

Absorbent booms and spill prevention shields—the ultimate solution for protecting the environment during oil spills.

- Easy to install and remove, suitable for both greenfield and brownfield sites.
- Effectively absorbs oil, keeping the ground clean and safe from contamination.
- Eco-friendly, water-repellent, and UV-protected.
- Driveable design allows full access to equipment for easy mobility. Customizable for any spill size with linked booms.
