

Smart solutions for Healthcare Sector

B2Flex is a proud Saudi manufacturer and a leading provider of engineered solutions for the healthcare and medical-infrastructure sector across the Middle East. We specialize in bespoke PVC-based systems designed to support critical healthcare operations, facility safety, infection-control needs, and medical infrastructure requirements.

Using advanced **high-frequency welding technology**, our medical-grade fabric systems deliver exceptional mechanical strength, UV stability, chemical resistance, and long-term durability — ensuring reliable performance in demanding healthcare environments, from hospitals and clinics to mobile medical units and emergency response facilities.

Our solutions are deployed across **hospitals, laboratories, pharmaceutical facilities, field clinics, emergency care sites, and healthcare logistics hubs**, supporting safe material handling, contamination control, environmental protection, and operational efficiency.

Trusted by major national entities including **Aramco and SABIC**, B2Flex provides high-quality, precision-engineered products that help healthcare providers, facility managers, and medical contractors enhance safety, reduce operational risks, and maintain compliance with stringent healthcare and environmental standards.

Why we stand out?

Eco-Friendly

Sustainable products that reduce carbon footprint

High Quality

Built with industrial-grade materials for durability, safety, and reliability in extreme conditions

Scalable Capacity

Modern facilities ready for both standard and high-volume production

Compliance & Safety

ISO-certified and manufactured under strict quality controls

Heavy duty Reusable all-purpose jumbo

Healthcare-grade PVC bags engineered for outstanding durability and load performance, ensuring secure handling of medical supplies, bio-waste, and other solid or semi-solid materials within clinical environments.

Spill Kits and Absorbents

Engineered solutions for environmental risks in healthcare — from spill prevention to contamination control. Our 100% eco-friendly product range ensures safe, compliant, and effective spill management across medical facilities.

PVC mattresses

High-performance PVC mattresses offering superior hygiene, comfort, and reliability for medical facilities.
